Montgomery County Transportation Improvement District Announces New Project Director

DAYTON, Ohio (November 6, 2024) — The Montgomery County Transportation Improvement District (MCTID) announced that Sam Morton, P.E., has been named Project Director.

From this position, Morton will manage engineering design and construction for a variety of infrastructure projects. He will continue to carry out the MCTID's mission of quickly and efficiently addressing critical infrastructure needs for the benefit of the county's residents and visitors.

"We are excited to have Sam join our team," said Vanessa Glotfelter, MCTID Executive Director. "He will manage several projects underway including the Woodman Drive Safe Streets for All Study, intersection improvements at Miamisburg-Springboro Road and Benner Road, and lane improvements on Miller Lane to support Benchwood Station, among others.

A University of Dayton graduate, Morton most recently worked for the Kleingers Group as both Municipal Engineer and Senior Project Manager. He managed projects from inception through construction while securing federal and state funds and coordinating with residents and community leaders. Morton has over 15 years of municipal, transportation, and civil engineering experience. Early in his career, Morton spent seven years as a Civil Engineer for Barge Waggoner Sumner and Cannon, Inc. (now Barge Design Solutions).
